VAC4EU
VAccine monitoring Collaboration for Europe

SPEAC
a CEPI project

VAC4EU announces a scientific webinar jointly with the SPEAC project **September 10 2020, 2-3 PM CEST**

How to assess Vaccine Mediated Enhanced Disease in epidemiologic studies to monitor COVID-19 vaccines?

Agenda

1. **The novel BC case definition of VMED**: Flor Munoz, lead author (Baylor Medicine)
2. **Algorithms for background rates in the ACCESS project**: PI, Caitlin Dodd
3. **Discussion**
   - How to identify cases with potential VMED from electronic records (Codes/algorithm)
   - How to differentiate VMED from vaccine failure?
   - Time windows for VMED monitoring

Background reading: VMED case definition (will be published by end of Sept on www.brightoncollaboration.us)
